Thank you for a fun-filled, SAFE summer!

Farewell to the Summer of 2015

It was hot. It was wet. It was very quiet. Thank you for a job well-done by all. We had two wonderful flotillas and a successful fishing tournament. It is always wonderful to have that time to visit with everyone

Time to say good bye:

We would like to thank both Clare and Chuck Hunt for their numerous years of commitment to LLIA. Chuck has been instrumental in spear-heading our membership committee and helping with what has been needed when anything was needed. Clare has held the position of secretary, vice-president, president, several times and has been relentless in championing our mission. They will be missed!!!!

Then there is Ed Cody, Sr.! Ed has held the position of treasurer and when not the treasurer, he has been a board member extraordinaire. His financial wisdom and guidance has been passed down to the treasurers that followed. He is leaving us in excellent hands.

Brent Talmadge as I stated previously is missed. Although gone, he is not forgotten and his presence is still felt especially the day of the fishing contest.

Thank you, thank you, thank you for all you have done to keep us focused on our mission, even when we were tired, you never gave in and you never gave up. You are leaving LLIA with a very strong foundation to build upon.

Turning the page: We have new officers; Gail Pfister is the new vice-president and Nancy Cody is the new Treasurer. Thank you Jean McLenithan, Secretary, and Robert Endee, President for continuing in your positions.

We want to welcome John Altobelli, Michael Cassidy, Richard Corr and Chris Johnson to the Board of Directors. We look forward to working with them.

Did you know that LLIA has committees? Interested in being an integral part of our mission?

Membership Dues:

Please remember to pay your dues. Dues for 2016 were due August 1st, 2015. If you have not already paid please pay now.

Our next SONAR treatment is scheduled for 2016.

One of the benefits of being a LLIA member is a reduced fee for your portion of the SONAR Treatment. HELP reduce those fees also by supporting the Super 50/50 Raffle.

DUCKS-DUCKS-and MORE DUCKS...

Please do not feed any water fowl. We all love them; however, consider the following: Duck feces are fertilizer and help the weeds grow = more expenses for hydro-raking and the potential to have to treat the milfoil more often. We have worked very hard to extend those treatments and save money.

Please continue to be vigilant in cleaning your watercraft; boats, kayaks, canoes. This is imperative in our endeavor to keep invasive species out of Lake Lauderdale and Schoolhouse Pond.
