You will be receiving a separate mailing indicating what information we have in our data base for each member. We are close to having this task completed. When you receive this mailing, please take the time to review the information and return corrections to us. We appreciate everyone's effort in this matter.

## **WATERCRAFT SAFETY**

Please be safe while enjoying the summer boating season. Wear Personal Flotation Devices (PFD's) when riding a jet-ski or being towed on tube, ski, etc. **WATCH** for unaccompanied swimmers in open lake areas!

*When sharing the lake with any other motor powered vessel, remember that our guidelines call for a clockwise rotation.* If we all follow this, it will be safer and enjoyable for everyone. Any new members of LLIA and guests should be made aware of this practice.

Please remember to power wash your boats, jet skis, etc. to prevent the transfer of invasive species to Lake Lauderdale. Please advise your guests and renters of these steps as well. Please be considerate of your neighbors, fishermen, etc. when operating a jet-ski or powerboat. Some crafts are a lot louder than you may realize and sound really travels over water. Please advise your guests and renters of the safety guidelines.

## **NEWS FROM THE ENVIRONMENTAL COMMITTEE**

**Lawn fertilizing** - applying lawn fertilizer to turf adjacent to the lake is NOT recommended. The fertilizer that makes the grass grow also makes aquatic weeds grow when it runs off or leaches into the water. Please do NOT fertilize your lawn.

Speaking of fertilizer - water fowl droppings also are a source of nutrients for the weeds, and can be a health hazard as well as a nuisance. It will lead to swimmer's itch"- a parasite infecting bathers. We realize that we will always have a small population here at the lake but we don't want to bring in any more. Therefore, **please do not feed the ducks and please advise your guests and tenants of this, as well.**

## **T-Shirts, Sweatshirts and Hats are available!**
